

# GRAPEFRUIT SEED EXTRACT

**Grapefruit Seed Extract is a dietary supplement that helps promote the balance of intestinal micro flora in support of healthy G.I. function and comfort.\***

**Grapefruit Seed Extract** is highly concentrated. It provides 45% polyphenols. Polyphenols help support healthy microbial and fungal balance within the gastrointestinal tract.\* They assist the body in maintaining healthy bacteria in the G.I. tract while helping the body expel unwanted microorganisms like bacteria, protozoa and fungus.\*

A preliminary clinical trial reported that grapefruit seed extract supplements helped support healthy G.I. function and comfort. An in vitro study using human skin fibroblast cells indicated that grapefruit seed extract promoted healthy gram-positive and gram-negative balance. Other studies support these findings, citing that grapefruit seed extract promotes a healthy environment when exposed to a wide range of bacterial biotypes.\*

**Grapefruit Seed Extract** contains a natural complement of bioflavonoids that help reduce the hazardous effects of free radicals.\*

**Grapefruit Seed Extract** is alkaline in nature, which helps balance the body's pH that helps control pathogens as they cannot thrive in alkaline environment.\*

**Grapefruit Seed Extract** supports the immune system and preserves the integrity of intestinal bacteria.\*

**Grapefruit Seed Extract is:**

- Highly concentrated
- Vegetarian
- Gentle

**Supplement Facts**

**Serving Size 1 Vegetarian Capsule**
